The Education and Training Committee makes all decisions on programme approval and on other operational education matters. Decisions are categorised into three ‘tiers’, which are categorised based on risk, whether recommended outcomes are challenged by providers, and / or whether there is a significant negative impact for the provider and/or learners. Meetings of the Education and Training Panel are reserved for items which require a higher level of oversight or discussion before a decision can be made.

This agenda is for tier 2 meetings-based decisions. Each section of the agenda has an explanation of the recommended process outcome, with information which enables the Panel to make a decision.

3. APPROVAL

b. Programmes recommended for approval at new education providers

Deciding to approve a new provider to deliver approved programmes for the first time is a significant decision, as once approved, any future proposals will be subjected to a lighter tough approval process. Therefore, all new provider decisions are considered at a tier 2 meeting of the ETP so that they can be fully scrutinised.

For each programme listed, partner visitors have judged that:

- the provision is of sufficient quality to meet relevant education standards; and
- the provider has demonstrated that facilities provided are adequate to deliver education and training as proposed.

Therefore, they are recommending that the programmes are approved, subject to satisfactory monitoring. Education providers have not supplied observations for these recommendations, meaning they do not object to the recommendations made.

The Panel is asked to consider the information in the enclosure(s) and to approve each programme as recommended.
