

About the HCPC

The Health and Care Professions Council (HCPC) is a statutory regulator of 15 health and care professions in the United Kingdom, with a role to protect the public. Our role and remit is underpinned by the Health Professions Order 2001. We promote high quality professional practice, regulating over 300,000 registrants across 15 different professions by:

- setting standards for professionals' education and training and practice;
- approving education programmes which professionals must complete to register with us;
- keeping a register of professionals, known as 'registrants', who meet our standards;
- acting if professionals on our Register do not meet our standards;
- and stopping unregistered practitioners from using protected professional titles

The 15 health and care professions that we regulate are made up of:
